

STUDENT PLEDGE

It is my intention to become the best person that I can be. I pledge to respect my family, teachers and peers that will help me to achieve this goal.

Throughout my training I must face adversity and defeat. I will welcome these hurdles; it is only through these challenges that I may grow.

I will reflect on my success with humility. My positive attitude and perseverance will serve to inspire those around me.

My lessons will follow me wherever I go. On days when I must stand alone, I will have no cause to fear. I have prepared my heart, spirit and mind and I am ready.
